# Adam Peleback.

FRONTEND DEVELOPER & QA ENGINEER

Stockholm, Sweden adampeleback@gmail.com adampeleback.com github.com/ThatGuyHS
linkedin.com/in/adam-p-507593113

Software developer with **8+ years in the esports and tech industry**, spanning the full arc from tournament operations to QA engineering to frontend development. I build **fast, well-tested web applications** with TypeScript, React and Next.js – and my QA background means I ship them with quality baked in, not bolted on. Alongside employment I run a portfolio of **15+ live products**: SaaS tools, a full-stack esports tournament platform, and SEO-driven content sites.

**FRONTEND**

TypeScript · React · Next.js · Angular · Tailwind CSS · Three.js

**BACKEND & TOOLS**

Node.js · Nest.js · Express · Supabase · Stripe · Strapi · Git

**QUALITY ASSURANCE**

Test automation · Manual testing · Test strategy

## EXPERIENCE

Sep 2025 – Present

### System Tester
Decerno AB · Stockholm

System testing and software testing of business-critical applications.

Mar 2025 – Aug 2025

### Freelance Web Developer
Svenska E-sportförbundet

Built the official website of the Swedish Esports Federation with TypeScript and React, including a headless CMS setup so the federation can publish news and content themselves.

Apr 2024 – Apr 2025

### Freelance Web Developer
Self-employed

- Developed new solutions and internal tools with Nest.js at Clutch Group.
- Created the brand website for esports production company PXB Media in Next.js.
- Delivered the first iteration of the Swedish Esports Federation site, including a custom CMS.

Feb 2024 – Apr 2024

### Frontend Engineer
Zaver · Fintech

Frontend development on Zaver's payment products using TypeScript and Angular.

Oct 2022 – Feb 2024

### Frontend Developer
G-Loot (Stryda)

Frontend development of the Stryda esports platform (now part of Challengermode) – shipping user-facing features in TypeScript, React and Next.js.

## EXPERIENCE · CONTINUED

May 2021 – Nov 2022

### QA Developer
G-Loot

Built test automation, performed manual testing of crucial user flows, and advised development teams on testing strategy across the platform.

May 2018 – May 2021

### QA Tester & Tournament Administrator
G-Loot Esports

QA testing and tournament administration for the Global Loot League – supported the tech team while running live competitive operations.

Aug 2017 – May 2018

### Tournament Administrator
G-Loot

Responsible for the PUBG tournaments on the Global Loot League platform.

2017 – 2018

**Director of Social Media & Content** – Crimson Esports · **Esports Copywriter** – Znipe Esports

## SELECTED PROJECTS

### Rivals League
rivalsleague.gg

Platform for a Swedish esports league: team registration with Discord login, brackets, player stats and Stripe ticket sales, plus discord.js tooling that sets up the league's server.

React · TypeScript · Supabase · Stripe · Discord.js · Sanity

### Svenska Esportförbundet
svenskesport.se

Official site of the Swedish Esports Federation with a headless Strapi CMS for self-service publishing.

Next.js · TypeScript · Strapi · Resend

### Cookbook Generator
cookbookgenerator.com

Turns recipes into a print-ready cookbook – in-browser PDF generation, Supabase storage and Stripe checkout.

React · TypeScript · Supabase · Stripe

### Cryptoskatt
cryptoskatt.se

Fintech web app helping Swedish crypto traders sort out their taxes.

Next.js · TypeScript · Supabase · Stripe

### Create Discord Bot
creatediscordbot.com

Productized service for custom Discord bots, with fixed-price packages and a quote form that sends leads through Resend.

Next.js · TypeScript · Resend

### 3D Portfolio Village
adampeleback.com

A walkable 3D village version of this CV, built with React Three Fiber – explore my experience as a game world.

Next.js · Three.js · React Three Fiber

## COMMUNITY & LEADERSHIP

**Board Member – Phoenix Blue** (2017 – present)
Non-profit esports organization. Helped grow the organization and co-created the Phoenix Blue Event Series.

**Independent product portfolio**
Designed, built and operate 15+ live sites and apps end to end – from SEO-driven Swedish comparison guides to AI-powered tools with paying customers.
